

Summary of Benefits

FRANTZ MANUFACTURING COMPANY

Medical/Dental Insurance

Comprehensive major medical, dental and hospitalization insurance is provided to all full time employees and their dependents who elect the coverage and pay the premiums. The coverage offers a Preferred Provider Organization (PPO) plan as well as prescription drugs. If you choose our plan you will be covered right away. Premiums are withheld from your pay for yourself + a spouse + the number of children (if any) you include on your plan. We have two plans available in our Employers Coalition On Health (ECOH) network. ECOH Choice is confined only to Swedish American Hospital if you should need to be referred for treatment to Rockford, Illinois. ECOH Plus includes all the Rockford hospitals. Our local hospitals are included in either plan.

NOTE: If you have a full time working spouse employed by someone other than FRANTZ Mfg Co, he/she will have to take their own employer health coverage first and FRANTZ can be secondary. This does not pertain to part time employment.

Dental Insurance can be included with or be separate from medical coverage and provides for 100% reimbursement for preventive care; 80% reimbursement after a \$50 deductible per person for basic services; 50% reimbursement after \$100 deductible per person for major services; and 50%, not to exceed \$1,000 lifetime, after a \$50 deductible for orthodontic services. Certain Special Benefits and exclusions will apply.

Select Solutions is a special medical care program that is dramatically reducing the cost to employers and employees for MRIs, CT Scans, PET Scans, colonoscopies, orthopedic procedures and more by as much as 65% over in-network costs in traditional hospital settings. ECOH has contracted with a broad array of medical providers to offer its members easier access and lower costs for this care when provided outside the traditional hospital. Medical Providers in the Rockford and Moline area offer ECOH members high quality service at significantly reduced prices ensuring both patients and their health plan save money. The savings can be so substantial that FRANTZ will pay our employees for the time they miss work to use these services. See HR for details.

Flexible Spending Plan

The FRANTZ Flexible Spending Plan allows you to put aside pre-tax withholdings into a Flexible Spending Account (FSA) from your pay for a variety of non-covered medical expenses. Dependent care withholdings can also be put aside into an account. You may deduct the maximum FSA or Dependent Care amount allowable by the IRS in a given year. You may also choose to have your medical premiums paid on a pre-tax basis through the plan. You may enroll when you initially become eligible for medical benefits or during the annual FSA enrollment each year.
